

IPOINT Multidock

Description

CONNECT Multidock 6 is a unique and powerful high density charging solution. Quickly and easily dock up to 6 Connect Pro Cases for iOS devices using the integrated magnetic alignment system. Multidock simultaneously charges up to 6 devices, each with its own 5V 3A power source. Convenient LEDs indicate charging and readiness status. Multidock is designed to fit on shallow shelves and can also fit within a standard 19-inch rack on a rack shelf. The Multidock foot is designed to allow liquid spills to pass underneath the dock without interrupting function and the entire Multidock and even be screwed to a surface. Individual Multidock modules ensure that Multidock will be ready for future device form-factors.
