Star MCP31L

Description

With the mC-Print3's compact size and fast printing speed (250 mm/sec), it is the perfect addition to any retail, restaurant, pharmacy, or grocery store. The mC-Print3 offers a paper-saving feature to reduce its environmental impact, and print-flat technology to ensure the quality of the printed receipt. The flat top design and splash-proof enclosure protect the printer from hazards such as water, debris, or insects when used in harsh environments or outdoors.

Features

• 3-Inch Thermal Printer — Receipt width of 80 mm

• Stylish and Compact Design

• High Speed — 250 mm/sec

• Smart Receipt Issuing — Print-flat technology and paper-saving function
